InSEA Latin America 2018 Regional Congress: Cartografias de las Educacion Artistica y la Multiculturalidad Visual, Santiago, Chile, 25-27 July 2018

The Congress offered two days filled with 86 exciting presentations including keynotes and Pecha Kucha discussing contemporary issues in multiple countries. Presenters were from Argentina, Austria, Brazil, Chile, Columbia, Mexico, Peru, Spain, the United Kingdom, and the United States.

This well-organized and friendly congress was situated in the wonderful city of Santiago de Chile providing many cultural opportunities to congress attendees. The congress utilized two locations: the Centro Cultural Palacio de la Moneda and the Universidad Alberto Hurtando. As part of the congress, the attendees were invited to spend a day exploring Valparaiso as a cultural excursion to the coast. It was an exciting itinerary staring at the Parque Cultural Cerro Carcel (formally a prison), and then, city tours by local guides in both Spanish and English.

The Organizers are now compiling the texts and visual essays to make a special open-source E-publication.
